## Smart Order @Website

**PT. Erdikha Elit Sekuritas** | Member of Indonesia Stock Exchange  
Gedung Sucaco, Lantai 3, Jl. Kebon Sirih No.71, Kota Jakarta Pusat, 10340  
T (+62)21 3983 6420 | F (+62)21 315 2841 | [www.erdikha.com](http://www.erdikha.com)

## **Smart Buy**

Fitur order beli pada kondisi harga market mencapai pada batas yang diinginkan. Batas ini bisa diatas ataupun dibawah dari harga market.

## **Smart Sell**

Fitur order jual pada kondisi harga market mencapai suatu batas yang diinginkan. Batas ini bisa di atas ataupun dibawah dari harga market.

## **Smart Portfolio**

Fitur order jual apabila Market Value dari portofolio mencapai angka tertentu relative terhadap Average Price Perolehan. Kriteria batas harga terhadap average price ini bisa diatas (Take Profit) ataupun dibawah (Cutloss)

## **One Cancel Other**

Fitur order gabungan dua fitur yaitu Smart Buy dan Smart Sell yang mana apabila salah satu ter-trigger dan mengirimkan order maka yang satu akan menjadi non aktif/cancel.

## **Trailing Stop**

Fitur sebuah strategi didalam automatic trading yang berfungsi untuk memaksimalkan profit nasabah. Strategi ini akan mencatat setiap kenaikan harga saham yang di pilih sampai harga tertinggi, kemudian nasabah dapat mengatur jumlah step fraksi harga yang akan di gunakan oleh system. Ketika harga saham yang di pilih turun dari harga tertinggi, system akan mengecek step fraksi harga yang telah diatur oleh nasabah dan jika harga saham sudah mencapai step fraksi harga tersebut maka system akan melakukan transaksi send order jual saham.

## **Stop Loss**

Fitur order jual apabila harga turun lebih rendah dari harga beli dan melewati batas toleransi harga yang di inginkan.

**Take Profit**

Fitur order jual apabila harga lebih tinggi dari harga beli dan melewati harga yang diinginkan.

**Buy Back**

Fitur untuk membeli saham kembali ketika harga telah mencapai target harga beli.

**Sell On Drop**

Fitur untuk menjual saham ketika harga saham mulai turun (Downtrend).

**Buy On Up**

Fitur untuk membeli saham ketika harga saham mulai naik (Uptrend).

**Step**

Perhitungan penurunan atau kenaikan fraksi harga pada saham.

**Good Till Date (GTD)**

fitur pemesanan yang dapat menentukan sampai kapan order tersebut dipasang, maka order akan selalu di kirim sampai terjadi match, cancel atau maksimal sampai dengan hari jumat setiap minggunya.

**Release Price**

Pemilihan harga kapan order akan dijual atau dibeli

**At Price**

Saham akan dijual atau dibeli sesuai dengan harga yang telah ditentukan.

**Best Bid/Offer**

Saham akan dijual dengan harga terbaik di Bid/Offer (5 step).
